(PREVIOUSLY KNOWN AS ICBioE)

## INTERNATIONAL CONFERENCE ON CHEMICAL ENGINEERING & SUSTAINABILITY 2023

HYBRID  
MODE

IIUM  
GOMBAK

# CALL FOR PAPERS

## Nurturing Innovation for Sustainable and Green Future

CONFERENCE  
**15-16<sup>th</sup>  
August  
2023**

### CONFERENCE TOPICS

- ✓ Advanced Materials/Composites/Nanotechnology
- ✓ Application of Industrial Revolution 4.0 in Chemical Engineering
- ✓ Bioenergy/Green Technology and Renewable Energy
- ✓ Biosensor/Biomedical Technology
- ✓ Biotechnological/Bioprocess/Biochemical Engineering
- ✓ Food/Pharmaceutical Engineering and Manufacturing
- ✓ Water and Environmental Engineering
- ✓ Fluid Flow and Thermodynamics
- ✓ Natural Products/Commodity Crops/Biomass
- ✓ Net zero carbon emission
- ✓ Water resources management and engineering
- ✓ Process Simulation, Control, Instrumentation and Optimization
- ✓ Reaction and Catalysis Engineering
- ✓ Separation and Purification Processes
- ✓ Related Chemical and Biochemical Engineering Issues
- ✓ Other related topics

### IMPORTANT DATES

<b>15th July</b> Abstract Submission Deadline	<b>1st August</b> Abstract Acceptance	<b>1st August</b> Registration Deadline	<b>14th August</b> Extended Abstract Submission Deadline	<b>15-16th August</b> Conference Dates	<b>31st August</b> Final Extended Abstract (Camera Ready) Submission

### PUBLICATION

All accepted papers will be published in conference proceeding. Selected papers will be considered for publication in MyCite (FOC) and Scopus Indexed Journal (with additional fees) subject to peer reviews and editor's decision. High quality full papers will be invited to contribute in:

1. IIUM Engineering Journal (Scopus)
2. Indonesian Journal of Biotechnology (Scopus)
3. Journal of Advanced Research in Fluid Mechanics and Thermal Sciences (Scopus)
4. Biological and Natural Resources Engineering Journal (MyCite)
