

The 9th International Conference on Mechatronics Engineering (ICOM'24) is a series of conference organized by the Kulliyyah of Engineering, International Islamic University Malaysia (IIUM) and Mechatronics Engineering Department, as a part of IIUM Engineering Congress (IEC) 2024. ICOM'24 focuses on bringing together researchers, experts and practitioners to address the latest trends and technologies in the multifaceted field of Mechatronics Engineering

Important Deadlines

-  Submission of full paper
1st April 2024
-  Notification of acceptance
1st May 2024
-  Camera-ready submission
10th July 2024
-  Registration & Full payment
31st July 2024

Conference Fee

	Local (MYR)	International (USD)
Online		
Paper Presenter	700	180
Attendees	100	50
Additional Paper	350	90
Physical		
Paper Presenter	1000	250
Attendees	300	80
Additional Paper	350	90

CALL FOR PAPERS

9th International Conference on Mechatronics Engineering (ICOM'24)

HYBRID EVENT

13th & 14th | International Islamic University Malaysia, Kuala Lumpur
August 2024

Inviting papers related to the following (but not limited to) topics:

- Artificial Intelligence and Machine Learning
- Advanced instrumentation and control
- Image, Speech and Signal processing
- Human-machine interface
- Robotics and Automation
- Manufacturing mechatronics
- Sensors and actuators
- Smart Structures and Active vibration control
- MEMS and NEMS
- Biomechanics and rehabilitation engineering
- Mechatronics education
- Autonomous Vehicles and Transportation Systems
- Fault detection and diagnosis

Publication

Accepted and presented papers will be published in conference proceeding and presented papers will be submitted to the IEEE Explore for further indexing.
