GUIDELINES FOR PRESENTER:
VOICE-RECORDED SLIDES PRESENTATION

1. The mode of presentation is a **RECORDED FORMAT**- a **VIDEO** of the voice-recorded slides presentation.
2. Panels will evaluate the presentation based on the slides and presenter's explanation in the recorded video (refer to no. 9 for the YouTube link on creating a video-recorded slides presentation).
3. Panels will give back the **feedback of the presentation** on the day of the presentation itself **through email**.
4. The **output** that presenters should prepare are as below:
   - Corrected abstract
   - Presentation slides
   - A **VIDEO** of the voice-recorded slides presentation in the MP4 format, with a minimum resolution 480p

   Presenters should submit corrected **abstract**, **slides AND video files.** Please do not submit a YouTube link of your video because the organiser has a specific YouTube channel to upload the video. (Please note that the organiser will upload the submitted video as **'UNLISTED'**; thus, the link may only be viewed by registered participants).
5. The presentation slides should contain the working title of the study, introduction, statement of the problem, significance of the study, literature review, theoretical and conceptual framework, methods, results (if any), and conclusion.
6. Duration for presentation is 10 minutes.
7. Please use the United Kingdom (UK) English in preparing your slides presentation.
8. When presenting, please make sure you speak slowly and clearly. English is not everyone's first language.
9. Presenters may use presentation software such as PowerPoint, Google Slides, **OR** other online application that can record slides presentation such as Screencast-O-Matic **OR** screen record your presentation using the

built-in programme. Below are links that may help you to prepare your voice-recorded slides presentation:
